

Friday, 23 August 2024

- 10:00-10:30 Registration. Sponsors exhibition
- 10:30-10:40 **Welcome message**
- I session Autoimmune neuropathies 1**
- 10:40-11:10 **Guillain-Barre syndrome and related disorders**
Katrin Gross-Paju, West Tallinn Central Hospital, Estonia
- 11:10-11:40 **EAN/PNS new guidelines of GBS and CIDP**
Professor Claudia Sommer, University of Wuerzburg, Germany
- 11:40-12:10 **COVID, vaccines and peripheral neuropathies**
Ieva Glāzere, Riga Stradins University, Latvia
- 12:10-12:40 **Neurophysiological aspects of various cases of neuropathy** Professor
Anna Rostedt Punga, Uppsala, Sweden
- 12:40-13:30 **Lunch and Poster presentation**
- 13:35-13:45 Photo call
- II session Autoimmune neuropathies 2**
- 13:45-14:15 **Multifocal motor neuropathy: novel therapies at horizon** Assistant
Professor Stojan Peric / Dr Vukan Ivanovic, University of Belgrade,
Belgrade, Serbia
- 14:15-14:45 **CIDP misdiagnosis**
Assistant Professor Stojan Peric / Dr Vukan Ivanovic, University of
Belgrade, Belgrade, Serbia
- 14:45-15:15 **Autoimmune nodopathies**
Triin-Helin Unt, West Tallinn Central Hospital, Estonia
- 15:15-14:45 **Treatable neuropathies**
Professor Andoni Urtizberea, Institut de Myologie, La Salpetriere Hospital,
Paris, France
- 15:45-16:15 **Coffee break**
- III session Diagnosis of neuropathies**
- 16:15-16:45 **Ultrasound and its importance in diagnosing various neuropathies**
Associate Professor Saulius Rutkauskas, Lithuanian University of Health
Sciences, Kaunas, Lithuania
- 16:45-17:15 **Imaging peripheral nerves with MRI**
Pierre Carlier, Belgium
- 17:15-17:45 **Patients' voice**
Jean-Phillipe Plançon, France. Chairman of the European Patient
Organisation for Dysimmune and Inflammatory Neuropathies (EPODIN)
- 17:45-18:00 **Discussion**

Saturday, 24 August 2024

- 08:30-09:00 Registration
- 08:30-09:30 **Live demonstration of basic ultrasound on nerves**
Associate Professor Saulius Rutkauskas, Lithuanian University of Health Sciences, Kaunas, Lithuania
- 09:30-10:00 **IV session. Hereditary neuropathies**
Charcot-Marie-Tooth disease and related disorders
Andrea Cortese, University College London, Department of Neuromuscular Diseases, United Kingdom
- 10:00-10:30 **Genetic landscape of hereditary neuropathies**
Professor Katrin Õunap, Estonia
- 10:30-11:00 **Biomarkers in Hereditary Neuropathies: Current Insights**
Signe Šetlere, Riga Stradins University, Latvia
- 11:00-11:30 **Coffee break**
- 11:30-12:00 **Chameleons and mimics of hereditary neuropathies**
Gundega Ķauķe, Riga Stradins University, Latvia
- 12:00-12:30 **Amyloid polyneuropathies**
Evelina Grušauskienė, Hospital of Lithuanian University of Health Sciences, Kauno Klinikos, Lithuania
- 12:30-13:00 **Diagnostic challenges in pediatric peripheral neuropathies**
Milda Dambrauskienė, Hospital of Lithuanian University of Health Sciences, Kauno Klinikos, Lithuania
- 13:00-14:00 **Lunch**
- V Session Small fiber neuropathies**
- 14:00-14:30 **Assessment of small fiber neuropathies**
Associate Professor Viktorija Kenina, Rīga Stradiņš University, Latvia
- 14:30-15:00 **The role of skin, nerve and muscle biopsy for neuropathies in 2024**
Professor Edoardo Malfatti, Université Paris-Est: Créteil, Île-de-France, France
- 15:00-15:30 **Coffee break**
- VI session Exchange of experience in the field of neuropathies and unsolved clinical cases**
- 15:30-16:00 Experience in Lithuania. Indrė Banaitytė-Baleišienė, Kaunas, Lithuania
- 16:00-16:30 Experience in Latvia. Marija Roddate, Pauls Stradins Clinical University Hospital, Rīga, Latvia
- 16:30-17:00 Experience in Estonia. TBA
- 17:00 Closing remarks
